The THEBAULT GROUP declares that:

- The concentration of chemical substances which are on the "candidate list" or within the candidate list of substances of very high concern (SVHC) in accordance with the REACH Directive is below 0, 1% in our plywood products listed in the above table.
- Our plywood products such as listed in the above table are not concerned by the obligations of this Directive (Article 7.2).
- However, we are fully aware of the industrial and economical implications of the aforesaid directive.
- We have requested all our suppliers to arrange for pre-registrations, evaluations and authorizations related to our utilizations in accordance with the requirements of the REACH directive.
- We have requested and examined the safety data of our raw materials as well as the information's related to the marking requirements
- We continuously operate a continuous surveillance of the "candidate list" such as published by ECHA: <https://echa.europa.eu/en/candidate-list-table>

Jean - Charles THEBAULT
President
